

Laundry Presoak / Powder destainer

Description

CLAX Laundry Presoak is a powder destainer / presoaker specially formulated to provide excellent removal of stubborn stains from linen.

Key properties

CLAX Laundry Presoak is an alkaline powder, which is suitable for presoaking / destaining of all types of heavily soiled linens. It contains a blend of oxygen bleach and alkali for removal of dried on stains on linen. The formulation also contains active oxygen.

CLAX Laundry Presoak has been approved by Unilever's Safety and Environmental assurance Centre (SEAC) as safe for use when handled in accordance with the directions for use.

Benefits

- Removes stubborn tannin stains
- Effectively assists in the removal of burnt-on food residues and starch
- Easy to use, free-flowing powder
- Suitable for most fabrics except wool

Use instructions

1. Fill a soak reservoir with warm water (40-50°C)
2. Add 10-20g **CLAX Laundry Presoak** per litre water
3. Immerse the items in the solution as long as possible, depending on the degree of soiling
4. Pass items through washing machine as normal.
