Always use recommended dosage for best results. 1 cup = 250ml.

Helpful Advice

- Read and follow the garment care label.
- Begin filling machine with water, add detergent, then add clothes.
- For best results, avoid overloading the machine with clothes.
- Do not add chlorine bleach.
- Wash non-colourfast garments separately.
- CHARGE Laundry Liquid is suitable for use in all water temperatures.

Pre-treatment Advice

- Pour a little CHARGE Laundry Liquid onto the problem areas, work in gently, then immediately place into your normal wash solution with the remainder of the dose.
- Do not soak non-colourfast garments.

Hand and Skin Care

Use only as directed. After use, rinse hands thoroughly with water. People with sensitive or damaged skin should avoid contact with the washing solution.
