

Jeyes Commercial Bloo In-Cistern Toilet Block

Jeyes Commercial Bloo is an in-cistern toilet block that contains an effective germicide and a fresh pine fragrance.

Features and Benefits

- Contains a germicide that effectively eliminates germs
- The pleasant pine fragrance leaves your toilet smelling fresh and clean
- You can see that the toilet block is still cleaning and freshening the toilet by the blue colour left in the toilet bowl after each flush.
- Because the toilet block dissolves slowly, it is an economical in-use cleaner.
- The toilet block is covered with a special dissolvable wrapper, thus your hands are protected from the blue colour.
- It is safe to use with lavatory cleaners or bleach.

Product Usage

How to use Jeyes Commercial Bloo

- DO NOT REMOVE special wrapping.
- Drop block into cistern beside the float at opposite end of water inlet.

For further information on safe handling and storage, consult the Material Safety Data Sheet.
