

Duck – Fresh Pine

Toilet Disinfectant Hospital Grade

New Duck is a specially formulated to kill germs and remove difficult stains on contact to ensure your toilet is always hygienically clean and fresh. *New Duck* can also be used to clean the outside of the toilet.

Features and Benefits

- *New Duck* is specially formulated with a commercial grade disinfectant to kill germs, clean and freshen toilets.
- *New Duck* has a pine fragrance, which imparts a fresh, clean smell.
- *New Duck* has a specially designed bottle neck to allow for easy application of the product up under the rim of the toilet where germs lurk. At the same time, the neck acts as a measuring device to ensure the right amount of product is used, thus eliminating wastage.
- When diluted, *New Duck* can be used to clean the outside of the toilet.
- The *new Duck* formulation is sensitive to the environment and will not harm plumbing or septic tanks.
- *New Duck's* plastic container is recyclable.

Product Usage

How to use *New DUCK* – Fresh Pine

1. Clean off particle matter with a brush and flush the toilet.
2. Direct up under the rim of your toilet, squeeze evenly around bowl.
3. Leave at least five minutes before flushing the toilet.
4. Stubborn stains require brushing.
5. To clean the outside of the toilet, squeeze onto sponge and wipe freely to clean, disinfect and freshen.

FOR DISINFECTION: Use undiluted.

FOR CLEANING: Dilute 1 to 20 (50ml per litre). Toilet Duck cleans and freshens around the outside of the toilet too.

For further information on safe handling and storage, consult the Material Safety Data Sheet.
